

Dear FCC,

I have been informed that an expanded LPFM service may force certain stations (such as K-LOVE) off of the air. This would be an unwise proposal.

K-LOVE programming reaches hundreds of thousands of people across the country. I have personally benefited from their spiritual inspiration and encouraging music. It has meant so much to me that in two years I have spent over a thousand dollars supporting them.

K-LOVE is an indispensable tool for spreading Christian values and news to those who seek them. It may be, in certain areas, the only way to disseminate en masse the morals and teaching to which so many hold strong. If K-LOVE were to be blocked by an LPFM signal, you would see a decline in morality and a loss of hope. This would affect government, public education, and private businesses since all three will only serve their local communities properly if grounded on high-moral standards.

K-LOVE promotes love for neighbors (of all races and beliefs), strong character, devotion to family, integrity, and honesty. These are the qualities we all striving to instill in our children, in ourselves, and in each other. Please allow K-LOVE radio to continue uninhibited broadcast.

Sincerely,

Michael H. Heller
